

# 道路連接 – 西面

## Local Road Connection – West End

我們收到公眾的意見，認為興建中九龍幹線，只會有利於使用現有主要道路，如三號、五號及七號幹線的駕駛者。事實上，根據現有接駁道路的示意圖，駕駛者可以容易的從油麻地及九龍灣地區的區內道路，到達中九龍幹線。因此，需要來往東西九龍的駕駛者，可以選擇使用中九龍幹線，以代替其他現有行經九龍區的道路。

We have received comments from the public that the construction of CKR would only benefit motorists using the existing strategic routes, such as Route 3, Route 5 and Route 7. In fact, according to the proposed layout of the approach roads, motorists from local areas at Yau Ma Tei or Kowloon Bay will be able to easily access CKR. Therefore, motorists travel across east-west Kowloon can use CKR instead of existing local roads through the Kowloon urban area.

### 走線西端 – 油尖旺一帶的道路連接

### West end of CKR Alignment - Yau Tsim Mong Road Connection
